

## Upper Coastal North Points #2

10 November 12, 2012

The regatta was a 1 day event with PRO Miles Marchant. Cathy Swanson helped record on the committee boat, John Skinner was windward mark boat, and Neil Walters was Leeward mark boat. Finbar O'Reilly handled situations on the dock, but had to leave due to a family emergency. Greg Walters took over and scored the event. Other helpers were John Thomas and Ann Gadsden.

The skippers meeting and registration were on time, with boats being towed to the regatta sight off of Carolina Yacht Club. The tide ebbed until approximately 1300. The wind was zero knots until after the tide changed. Top wind all day was no more than 8 knots, which peaked around 1500. It was cloudless and the high temperature approached 80 F. There were no weather alibis with the exception of lack of wind which kept the races from starting on time.

The 1<sup>st</sup> race started at 1304. 5 races were sailed in each division for a total of 10 races. The last race ended at 1621 with a sunset of 1720. By the time the boats were returned to Charleston Community Sailing docks and put away, the sun was over the horizon.
